Price Increase Announcement Carlisle – TPO and ISO

Effective: March 1, 2018

Dear Valued Customer:

Cumulative raw material cost increases over the past year have significantly impacted the cost to produce both Polyisocyanurate insulation and TPO membranes. As a result, Carlisle will implement a 6% price increase on all Polyisocyanurate products (including HD) and all TPO membranes. Additionally, Carlisle will be increasing the premium charged for CGF products by \$0.01 per ft². This price increase will be effective March 1st, 2018.

All orders with the above products shipped on or after March 1, 2018, will be invoiced at the new pricing level.

Price pages reflecting these changes will be sent to you shortly. Should you have any questions or require further clarification, please do not hesitate to contact your account manager.

Thank you for your continued support and business.

Yours truly,

Convoy Supply Ltd.
Surrey, BC
