RE: 50-Year Anniversary of Convoy-Supply

Hi Martin and the entire Convoy Supply team:

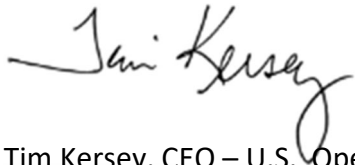

From our team at SOPREMA in the USA, it gives me great pleasure to congratulate you all on this wonderful milestone day for Convoy-Supply; your golden anniversary. It is no easy feat to survive, let alone grow and thrive over fifty years, five decades, a half century. It is truly a day to celebrate your hard work and success.

Just looking at your historical beginnings in Prince George, BC, to now having more than 40 locations in Canada and the USA, you all should be proud of what has been accomplished over these last fifty years. While celebrating your history, I also know that Martin, and you, are only looking forward to further strengthening and expanding Convoy Supply.

I have now been with SOPREMA ten years, and over the last decade I have watched the relationship between our two organizations develop into that of one of our favorite words, collaboration. It is an honor to work in collaboration with Convoy Supply to continue our mutual growth and success. Thank you for helping us grow in the Pacific Northwest and in Maryland, and of course all across Canada.

Enjoy this day, be proud of your history, and look forward to much continued success in the future.

Sincerest gratitude and congratulations,

A handwritten signature in black ink that reads "Tim Kersey".
