Tariff Advisory

Steel and Aluminum

Dear Valued Customer,

This letter is to advise you regarding the most recent tariff developments between the United States and Canada. As you may be aware, Canada has implemented a surtax on all imports of steel and aluminum products from the United States in response to recent tariffs imposed by the U.S. Government.

The surtax is 25% on all steel products and 10% on all aluminum products, which applies to raw materials and finished goods. This has resulted in increased prices on a range of aluminum and metal products.

For further information please visit Canada Border Services Agency (CBSA) website:
<https://www.cbsa-asfc.gc.ca/menu-eng.html>

Please also note that all price increase notices are posted on our website for your viewing at

Should you have any questions or require further clarification, please do not hesitate to contact your account manager.

Thank you for your continued support and business.

Yours truly,
