**RE: Freight Surcharge Increase - Effective February 15, 2019**

The cost to deliver polyiso insulation products continues to increase. To meet your delivery expectations, we continue to take a number of steps including: paying higher per mile rates to attract carriers, hiring dedicated drivers who return to our facilities after drop-off without a back haul, and adding new/additional carriers. Unfortunately, these steps add costs. Accordingly, Hunter Panels will be increasing the freight surcharge for truckload shipments on all roofing orders and shipments effective February 15, 2019. [Click here for the current Freight Bulletin.](#)

**New Freight Surcharge for Pre-Paid Shipments:**

Less than 100 miles \$120

Greater than 100 miles \$200

We regret the need to pass along these cost increases and will continue to do our best to mitigate them whenever we can.

We appreciate your understanding. If you have any questions please contact your local Hunter Panels Representative or Regional Manager.

Thank you for your continued support.

Sincerely,
