

Freight Surcharge Increase Effective February 15, 2019

The cost to move freight in North America continues to rise. To meet your delivery expectations, we continue to take a number of steps including: paying higher per mile rates to attract carriers, hiring dedicated drivers who return to our facilities after drop-off without a backhaul, adding new/additional carriers. Unfortunately, these steps add cost. Accordingly, Versico must increase the freight surcharge for truckload shipments.

Freight Surcharge Increases for Pre-Paid Shipments:

Less than 100 miles: \$120

Greater than 100 miles: \$200

These increases will be effective on shipments beginning February 15, 2019 regardless of order entry date. Thank you for your continued support of Versico. Please direct any questions to your local Versico Sales Representative or Versico Regional Sales Manager.

Sincerely,

Frank Palmer
General Manager
