## Price Increase Announcement Lower Mainland Freight Charges

---

**Effective:      October 1, 2021**

Dear Valued Customer:

As we have all experienced recently, market conditions continue to put immense pressure on delivery and freight costs. Many of our customers are going through significant changes, and during these challenging times you depend on us to continue to provide you with a high level of service without compromising our standards.

Over the past several years, we have absorbed increases in wages, fuel, equipment, insurance, and other operating costs without increasing our rates to you, our valued customers. To maintain our service levels going forward, Convoy Supply will need to implement a rate increase on delivery freight for British Columbia's Lower Mainland area as of October 1, 2021.

For more information on the new rates, please reach out to your local Convoy Supply sales rep for details. Thank you for your continued support and business.

Yours truly,

Convoy Supply Ltd.
